# Wednesday, May 19

**12:00 - 12:30 Registration**

**4th Floor Lobby**

**12:30 - 12:45 Welcome and Introductions**

**12:45 - 1:15 Plenary Presentation**

**CE Room C**

**1:15 - 3:15 Workshops**

**Location**

## **Coalition Building and Networking**

*Kelly Kelley, Vanderburgh County HD*

*Tony Gillespie, Indiana Minority Health Coalition*

## **CD reporting and the CD Rule**

*Pam Pontones, ISDH*

Learn the basics of risk communication. Understand impact of communicable disease rule on reporting.

Identify ways to promote public health.

## **Hosting School Based Vaccination Clinics**

*April Bailey, ISDH*

*Barb Baker, St Joseph County HD*

*Karen Long, Howard County HD*

*Carolyn Davis, Elkhart County HD*

This workshop will focus on the basics of how to plan and implement a school based clinic, with tips for working with the schools, clinic logistics and vaccine transport. A panel of local health department nurses will also present on lessons learned from the field in hosting school clinics and best practices.

## **Sensitive Case Interviewing**

*Cathy Archey Morgan, ISDH*

Learn techniques on how to gather sensitive information from your patients and clients.

## **TB - Counting Doses**

*Sarah Burkeholder, ISDH*

Learn how dose counting can help you case manage your TB patient.

# Thursday, May 20

**8:00 - 8:45 Registration**

**8:45 - 9:00 Welcome and Introductions**

*Dr. James Howell, ISDH*

**9:00 - 9:45 Keynote Address**

**9:45 - 10:00 Vendor Spotlight**

**10:00 - 10:30 BREAK**

**10:30 - 11:30 Concurrent Session 1**

**VFC for Beginners**

*Sharon Griffin, ISDH*

**I-NEDDS: Improving Disease Reporting in Indiana**

*Ryan Gentry, ISDH*

This session will explain I-NEDSS and the history of the project, provide an update on the current status of the system, and discuss benefits and challenges of electronic disease reporting and surveillance.

**Budget Creation and Management**

*Paul Lang, IUPUI*

Learn how to manage your grants, prepare reports, and get ready for an audit.

**Microsoft PowerPoint: Best Practices**

*Charlie Armstrong, Kayla Gregory, Jeanine Phillips, Purdue University*

Learn basic techniques and strategies for enhancing your public speaking with classic, professional PowerPoint presentations. The session will cover the basics of putting together a strong PowerPoint, as well as practical tips and tricks.

.

## **Public Health Nursing and the Law**

*Morgan E. McGill, JD & Luke H. Britt, JD, ISDH*

Speakers will address legal issues that public health nurses regularly encounter, with practical examples. Emphasis will be on confidentiality, communicable disease laws (quarantine, isolation, issues related to investigations), professional liability, and other laws and regulations that public health nurses must understand and follow in their practice.

**11:30 – 12:45**

**LUNCH**

**LOCATION**

**12:45 – 1:45 – Concurrent Session 2**

**Location**

## **Improving Immunizations Rates**

*Charlene Graves, MD, FAAP*

Based on the Indiana Immunization Strategic Plan recently developed by the Indiana Immunization Task Force, this session will discuss strategies to improve immunization coverage of children, adolescents, and adults.

## **Asthma Programs throughout the State of Indiana**

*Kathryn Nicely, ISDH*

This is a presentation on asthma programs/resources available to Health Care Providers, Community Members, and Asthma Suffers throughout the State of Indiana. There will be many presenters give short descriptions of the asthma programs they work with. These presenters will be available for questions after the session.

## **Budget Creation and Management**

*Paul Lang, IUPUI*

Learn how to manage your grants, prepare reports, and get ready for an audit.

**12:45 – 1:45 Concurrent Session 2**

**Location**

**Research Presentation—TBD**

**Emergency Declarations and the Law**

*Jennifer Bruner, ISDH*

This session will discuss public health preparedness issues including types of emergency declarations available at the federal & state levels of government, what those declarations can trigger, and how public health and medical personnel may be affected. The 2009 H1N1 influenza pandemic will provide the backdrop.

**1:45 - 2:00 BREAK**

**2:00 - 3:00 Concurrent Session 3**

**Location**

**Hosting School Based Vaccination Clinics**

*April Bailey, ISDH*

This workshop will focus on the basics of how to plan and implement a school based clinic, with tips for working with the schools, clinic logistics and vaccine transport.

**2:00 - 3:00 Concurrent Session 3**

**Location**

**Breastfeeding: A Strategy for Improved Health and Obesity Prevention**

*Tina Cardarelli , Indiana Perinatal Network*

This session will discuss public health preparedness issues including types of emergency declarations available at the federal & state levels of government, what those declarations can trigger, and how public health and medical personnel may be affected. The 2009 H1N1 influenza pandemic will provide the backdrop.

**Best Practices for Informative Presentations**

*Charlie Armstrong, Kayla Gregory, Jeanine Phipps, Purdue University*

Learn the four key elements of effective informative presentations: purposeful preparation, audience analysis, effective delivery, and successful time management. This session will include illustrative examples and practical strategies for each of these four elements.

**Research Presentation—TBD**
